

## MEMBERSHIP INFORMATION (2008)

The Energy Federation of New Zealand Inc (**EFNZ**) is a membership based, not-for-profit organization, which exists to promote the sustainable development and use of energy resources both in New Zealand and globally. **EFNZ** runs an active programme of seminars, conferences, submissions, and projects, both independently and in collaboration with other energy sector organizations. **EFNZ** is in turn a member of the World Energy Council (WEC), which is based in London. The WEC is a global, multi-energy organization with significant support from private companies, public utilities, governments, academia, and prominent individuals in close to 100 countries, including all of the major energy production and consumption markets. **EFNZ** members have access to password protected parts of the WEC website [www.worldenergy.org](http://www.worldenergy.org).

| Company  | Membership  | Representative  |
|--|-------------|---|
| 1. BP Oil NZ   | Full        | Barry Blackett  |
| 2. CRL Energy/National Centre for Climate Energy Solutions | Full        | Rob Whitney<br>Dennis Jamieson                              |
| 3. Energy Library & Information Services                   | Full        | Brian Cox   |
| 4. Genesis Energy  | Full        | John Carnegie   |
| 5. Meridian Energy   | Full        | Matthew Jansen  |
| 6. Mighty River Power                                      | Full        | Stuart Lush   |
| 7. Shell Oil NZ  | Full        | David Jacobson  |
| 8. Solid Energy NZ   | Full        | Andy Matheson   |
| 9. Transpower NZ   | Full        | Alison Little   |
| 10. Trustpower   | Full        | Peter Calderwood  |
| 11. Energy Efficiency and Conservation Authority           | Associate 1 | Ian Horne   |

| 25. Hale & Twomey  | Associate 2 | Richard Hale<br>Ian Twomey                                  |
| 26. University of Otago, Department of Physics             | Associate 2 | C. G. Carrington<br>C. R. Lloyd                             |
| 27. Unitec - Sustainable Energy Initiatives Research Group | Associate 2 | Jonathan Leaver<br>John Blakeley                            |

|  |             |                                       |
|--|-------------|---------------------------------------|
| 28. Energy Centre University of Auckland Business School | Associate 2 | Bart van Campen<br>Robert Kirkpatrick |
| 29. Institute of Earth Sciences and Engineering          | Associate 2 | Peter Malin                           |
| 30. Energy Modeling Consultants Ltd                      | Associate 2 | Tom Halliburton                       |
| 31. Gavin Adlam  | Individual  |                                       |
| 32. Hon. Douglas Kidd                                    | Individual  |                                       |
| 33. Jonathan Lermitt                                     | Individual  |                                       |
| 34. Peter Read   | Individual  |                                       |
| 35. Richard Thompson                                     | Individual  |                                       |

### EFNZ MEMBERSHIP RATES

|                   |               |
|-------------------|---------------|
| Full              | \$3,675 + GST |
| Associate         | \$1,100 + GST |
| Associate Level 2 | \$370 + GST   |
| Individual        | \$80 + GST    |

*Subscription period is a calendar year.*

**Full membership** is open to producers and distributors of energy (electricity, gas, petrol and oil) or any organisation interested in any aspect of energy, supporting the objectives of the Energy Federation, including the World Energy Council, and wishing to support co-operative initiatives to achieve these objectives.

**Associate Membership Level 1** is open to research institutes, academic institutions, electricity lines companies, and other professional associations who support the objectives of the Energy Federation, including the World Energy Council.

**Associate Membership Level 2** is open to energy industry associations (where EFNZ Corporate Members are also major members), university departments and institutes, sole traders, independent contractors, consultants, and NGO's, working in or with an interest in the energy sector, who support the objectives of the Energy Federation, including the World Energy Council.

Invitations for **Individual membership** may be extended to retired or unwaged individuals with a record of support for the energy sector and the Energy Federation. Such invitations are subject to the approval of the Energy Federation Board.
